专题介绍:

本期专题以光污染防治研究和应用为主题,立足城市人居优化与生态可持续发展需求,聚焦人工光滥用、玻璃幕墙反光等引发的光污染问题,开展系统性光污染防治科研与应用研究。专题构建多维度综合治理体系,涵盖5大研究方向,分别为光污染防治综合政策研究、光污染生态环境影响研究、光环境监测与控制技术研发、照明行业光污染防治以及玻璃幕墙行业光污染治理应用。本专题融合政策规制、机理研究、技术创新与行业落地,剖析光污染对生态环境与人体健康的危害机制,提出完善行业防治规范与管控体系的意见建议。研究可为中国城市光环境管理、人居品质提升与生态环境保护提供重要支撑和实践参考。

CONTENTS

Foreword

- 1 Tackling light pollution with science: Protecting ecology and preserving our starry skies
HAN Zhanwen

News

Science and Technology News

Commentary

- 17 The path of the convergence of communication and artificial intelligence
ZHANG Ping, NIU Kai, LIU Yiming, XU Xiaodong, XU Wenjun, MA Nan

Research

Special to S & T Review

- 23 Research progress of the ecological impacts and mechanisms of light pollution
XIAO Lu, YAO Yanying, LI Yi, LIU Siqiao, WANG Lichao, GUO Kun, LIU Yanjie

Exclusive: Scientific Research and Applications in Light Pollution Prevention and Control

- 35 From lighting conditions to light exposure history: Advances in the measurement and health effects of light exposure
WANG Yuxiao, ZHANG Xin, CHENG Shaowei, JIANG Jianzhong, CAI Hao
- 46 Research status and future perspectives on the impact of light pollution on human health
LIU Ming, LI Ruicong, JIAO Feipeng, ZHANG Han, ZHAO Hong, XU Fei
- 56 The impact of light pollution on astronomical observations and protective measures
MA Jing, YANG Chen, WANG Kun, DENG Licai

- 65 Research progress on monitoring technologies for light pollution prevention and control
HAO Ying, WANG Xiaopeng, PENG Weilong, XUE Feng, JIA Dagong

- 75 Research on the application of satellite remote sensing in light pollution prevention and control
CHEN Hui, MA Pengfei, DAI Yazhen, YANG Yi, DONG Jiantao, CHEN Linhan

- 81 Research on the impact assessment of light reflection from glass curtain walls in China
XIA Dan, ZHU Wenying, LIU Qiyao

- 91 Review of evaluation and monitoring technologies for urban nighttime light pollution
HAO Luoxi, HU Guangzhi, SHAO Rongdi, CAI Yezhen

Papers

- 102 Research on river geomorphology knowledge extraction based on large language models
LIU Xiaolu, WANG Jiahe, WU Jin, MA Xiaoyi, QIN Shuai, WANG Shu

- 114 Intelligent evaluation model and spatial analysis of rocky desertification based on logistic regression: a case study of Bijie city, Guizhou province
LIU Ze, WANG Jiahe, CHEN Jianping

Culture

Policy Forum

- 128 Research on improving the system of light pollution prevention and control in China
WEI Xinyu, SUN He, JIA Ang, YAN Ziwei, WANG Xiaotao

Science and Humanity

- 136 Wang Mianzhi: Founder of the discipline of Formulas of Chinese Medicine and pioneer of space medicine
